

DUNEDIN PUBLIC LIBRARY

BACKYARD *Birding*

Neighborhood habitats enrich the lives of all residents. Are you curious about the habitats in Dunedin? Have you noticed the occupants of the canopy? Are you a backyard birder? Interested in learning more about observing the birds in your own yard or neighborhood?

Dunedin resident and birding expert Jim McGinity, Florida Avian Conservation, will host this presentation on birding in neighborhoods and preserves with a focus on the Dunedin area. Participants will also be encouraged to learn more about the Dunedin library "birding backpack program."

MAR. 1 | 6:30 PM
COMMUNITY MEETING ROOM
NO REGISTRATION REQUIRED.

223 Douglas Ave. Dunedin, FL 34698
